

GlobalGiving Fact Sheet

Company Profile

GlobalGiving's online marketplace allows donors to find and fund grassroots projects that appeal to their specific interests. GlobalGiving offers projects in more than 100 countries, in a variety of themes ranging from education and health care to economic development and the environment.

History

GlobalGiving was founded by two former World Bank executives who have created a new, higher-impact way for individuals and organizations to direct their philanthropy to their choice of high-quality, trackable projects in the U.S. and around the world. The GlobalGiving platform aggregates many donations from all types and sizes of donors, creating a new source of reliable funds for projects leaders working to improve social, economic, and environmental conditions in their local communities and the world at large.
