

Teaching Program, Honduras

Donation Examples and Budget

US\$	Need	Total	Item
125	100	12,500	Materials for students
345	48	16,560	Teacher's wages/month
6,250	1	6,250	School equipment for 1 school
62,400	1	62,400	Build a school
		97,710	Total

With \$29,060 we can provide materials and 4 teachers for the students for a year. This works out at under \$25 per month per pupil. With an additional \$6,250 we can go on to provide equipment for the school and if lucky enough to receive the funding, for \$62,400 we can build and legalise a school that will be free for all students within the catchment area. Should the totals not be reached, we are still able to provide scholarships for the kids to other local schools, but with our own the benefits to entire communities will be far greater.

From each year onwards simply the teachers' wages and materials for students will need to be covered, ensuring a future for all the children. Most or all of this, we hope to be able to help the community to raise to give them ownership over the schooling of their children.
