RI currently is facilitating programs in several countries around the world including Afghanistan, Azerbaijan, Bangladesh, Indonesia, Iraq, Iran, Jordan, Niger, Pakistan, the Palestinian Territories, Somalia, Sri Lanka, Sudan and Tajikistan.

Philosophy—

RI dedicates itself to seeking and addressing the long-term developmental needs of its beneficiaries even while in the emergency phase. The agency recognizes that disasters have the most negative impact on the lives of the poor; yet disasters, and especially the movement of the populations, can also bring about unexpected, positive social change. This context can therefore serve as a window of opportunity for eradicating poverty and social injustice.

RI consults closely with the local communities it serves in order to ensure that its programs do not impose solutions from the outside but rather address their needs and requirements for the long-term.

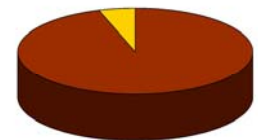

Funding—

Support for RI's programs comes from government institutions, private foundations and individual donors.

- RI has been given the top 4-star rating by Charity Navigator for financial efficiency
- RI is a registered PVO (Private Volunteer Organization) with USAID (United States Agency for International Development) and InterAction
- RI is an implementing member of the UN ECOSOC (Economic and Social Council)
